### Kansas State head women's basketball coach Jeff Mittie:

"The first thing that comes to mind with the Basketball Training Facility is what we can do for our student-athletes in regards to their development as a student-athlete. We have every tool necessary to help them improve and take care of their bodies. It is in a location that is right next door to where they live. We have everything necessary to make the total person and the total player."

### Kansas State Director of Athletics John Currie:

"This is not just about a building. This is about a once-in-a-generation opportunity to leverage our strengths - a championship heritage and a passionate fan base, coupled with unprecedented national excitement and visibility. This project marks a moment in time that will springboard our basketball programs back into a permanent leadership position in intercollegiate athletics."

# Former Kansas State All-American Brittany Chambers:

"We're excited about this addition to Bramlage. Having added resources and gym availability will allow K-State to keep improving and help the K-State women's basketball program continue to be a premier women's basketball team. "

### Kansas State University President Dr. Kirk Schulz:

"This facility was recommended by our men's and women's basketball staffs to ensure that K-State remains competitive in the Big 12 Conference. We have great traditions within our men's and women's basketball programs, and I believe this facility will allow for increased synergy and mutual growth of the two programs. The K-State donors stepped up with major contributions to make this a reality."

### All-Time Wins of Big 12 Members

K-State's record entering its 49th season of women's basketball stands at 891-556 (.616). The Wildcats have accumulated 23 20-win seasons.

# **BRAMLAGE COLISEUM**

In 15 straight seasons, Kansas State has finished in the top 35 nationally among NCAA Division I women's basketball attendance leaders. Affectionately known as the "Purple Palace," the Wildcats have lost only 13 non-conference games over the last 19 years in the venue, going a sterling 126-13 (.906).

The Wildcats finished the 2015-16 season ranked 22nd in the nation for attendance by averaging 4,508 fans per game at Bramlage Coliseum, including an average of 5,033 fans during Big 12 action. The 76,634 total fans in 2015-16 marked the seventhhighest total in program history.

In the 2011-12 season, K-State was selected as the Big 12 Conference's "Pack the House" champion for the second straight season and one of 33 winners among NCAA Division I schools across the nation. K-State drew a season-high 12,528 fans to its Feb. 4, 2012 game against eventual national champion Baylor. This was the highest attended women's game in Bramlage since March 31, 2006 when K-State hosted the WNIT Final in front of a sell-out crowd of 13,340.

The Wildcats have finished among the top-10 in the national attendance rankings four times, checking in with a school-record fifth-place finish in 2002-03 (which included 11 games with 8,000 or more fans in attendance) and then notched a pair of eighth place efforts in 2003-04 and 2004-05.

### DID YOU KNOW?

Since the 1996-97 season, Kansas State owns a 42-11 (.792) record in Bramlage Coliseum when the attendance is 7,500 fans or larger.

### IMPROVEMENTS TO BRAMLAGE

In keeping with its goal of providing "The Best Fan Experience in the Big 12," K-State Athletics partnered with Wrightson, Johnson, Haddon and Williams, Inc. (WJHW), one of the top acoustical consulting and electronic systems design firms in the country, to manage the project, which was completed in October of 2014.

The improvements to Bramlage, which will total \$2.4 million, included:

- · Panasonic center-hung 25'x 18' SMD LED videoboard, which will have a display more than four times larger than the existing videoboard in Bramlage Coliseum. The four-sided videoboard features a 6mm high-definition display on each face with a 5-foot upper ring and 2-foot, 4-inch lower ring for statistics, crowd engagement and sponsor integration.
- Six additional 6mm LED displays will be installed above the seating on the north and south ends of the arena with three located above Sections 12-15 on the north end and three above Section 24 to Section 1 on the south end.
- A new sound system with nearly 100 total loudspeakers, and utilize the latest amplifier and digital signal processing with more than 200,000 watts of amplification.
- . New LED lighting system will provide a more efficient and higher quality of output in the arena and allows for special effects during pregame introductions and during special halftime shows and recognitions.

Associate head coach Brian Ostermann enters his third season at K-State in 2016-17. This will be Ostermann's 28th season of coaching at the collegiate level.

In addition to his coaching duties at K-State under head coach Jeff Mittie, Ostermann is also responsible for scheduling, academic mentoring, recruiting evaluation and game plan preparation and development.

A native of Good Thunder, Minn., Ostermann has logged 26 years of experience as a coach at the collegiate level, including nine seasons as a head coach. He ran the Missouri State-West Plains men's program for four seasons from 2004-05 through 2007-08, where he posted a record of 83-46.

Ostermann's final season in West Plains saw his Grizzly squad tie the program's best-ever record at 27-5 in addition to reaching the championship round of the National Junior College Athletics Association (NJCAA) Region 16 Championship Tournament. It marked the second time in three seasons the program reached the regional final for the Grizzlies, who finished the season ranked No. 18 in the NJCAA poll after peaking at No. 10 at one point in the season.

Prior to his appointment at West Plains, Ostermann spent five seasons as the head men's coach at Colby (Kan.) Community College, where he helped turn the Trojan program into one of the top squads in the Jayhawk Conference. The school's all-time leader in career victories, Ostermann posted a 95-61 record during his time with the Trojans.

Ostermann was an accomplished assistant coach before moving into the head coach's role, holding positions at UMKC (1996-99), Missouri Western (1992-96) and Mercyhurst College (1991-92). His first season at Missouri Western was spent as an assistant for both the men's and women's team. That season marked Mittie's first season as head coach of the Griffon women's program. One of Ostermann's early achievements included the successful recruitment of two-time All-American Tonya Foster to Missouri Western.

Assistant coach Ebony Gilliam enters her third season on head coach Jeff Mittie's staff at K-State. Gilliam also served on Mittie's staff while he was at TCU and was also a player for Mittie with the Horned Frogs.

Before she returned to her alma mater, Gilliam spent four years as a high school teacher and head girls basketball coach in the Fort Worth area, including two seasons at area power Dunbar High School. She led the Wildcats to a 57-14 overall record in her tenure with a pair of District 7-4A championships and state playoff appearances. Gilliam was named district coach of the year, while leading the squad to a perfect 18-0 record in 7-4A play. Prior to her stint at Dunbar, she spent the previous two seasons as head coach at Trimble Tech High

A product of Southwest High School in Fort Worth, Gilliam, formerly Ebony Shaw, experienced one of the most successful playing careers in TCU history from 2000-04. At the conclusion of her playing career, she ranked tied for second in school history with 130 career games played and was eighth in starts with 87. She scored 1,156 points and finished her career ranked sixth on TCU's all-time scoring list. Overall, she ranked among the top-10 players in 13 major career statistical categories.

During her playing career at TCU, Gilliam helped the Horned Frogs to the first four NCAA Tournament appearances in school history. The Frogs advanced to the second round in each trip to the tournament. In addition to the postseason appearances, Gilliam also helped TCU claim its first four conference titles in 2001 (WAC regular season and tournament), 2002 (Conference USA regular season) and 2003 (Conference USA tournament).

Following her time with TCU on the court, Gilliam played one year of professional basketball for Keflavik, Iceland. During her professional career, Gilliam helped her team capture the National Icelandic Cup Championship, while averaging 23 points per game, 9.5 rebounds and three steals a contest.

Jacie Hoyt is in her third season at Kansas State and her second as an assistant coach.

Last season, Hoyt served as the Wildcats' coordinator of recruiting operations on Mittie's inaugural staff. She was responsible for coordinating all of K-State's on campus recruiting operations and served as the liaison between AAU and high school coaches and young players across the state of Kansas and nationwide. She also handled the K-State women's basketball summer camps.

Hoyt returned to the state of Kansas in 2014-15 after a three-year stint at Nevada, with the last two seasons as an assistant coach on Jane Albright's staff. As an assistant coach with the Wolfpack, Hoyt's responsibilities included scouting, recruiting, point guard development, equipment, scout team management and summer camp coordinator. Prior to her appointment as an assistant coach, Hoyt served as the team's director of basketball operations during the 2011-12 season.

Hoyt's college career, as she was recruited and played for Albright when she was the head coach at Wichita State, was slowed by injuries. She played only two of her six NCAA eligible years as a freshman and sophomore. Despite sitting out the first two years of her college career, Hoyt went on to start every game as a freshman and sophomore at Wichita State.

In addition to her success on the court, Hoyt was also a standout in the classroom, landing on the Missouri Valley Conference, Athletic Director, and Dean's honor rolls from 2006-08 with the Shockers. Hoyt graduated Cum Laude with a degree in general studies from Wichita State in 2009.

After graduating from Wichita State, she went on to earn her Master of Science in communication from Fort Hays State University in 2011, where she served as the women's basket-ball team's graduate assistant on head coach Tony Hobson's staff

Jeff Mittie, one of the winningest active coaches in NCAA Division I with more than 490 career wins, 17 postseason appearances, nine conference titles and five conference coach of the year honors in 24 years of coaching, enters his third season at the helm of the K-State program in 2016-17.

Mittie, introduced as the ninth head women's basketball coach in K-State history before the 2014-15 season, has achieved an overall record of 492-262 (.653) in his previous 24 years as a head coach, which includes stops at Missouri

Mittie has averaged 21 wins and 10 losses per season and experienced only one losing season in his 24 years of head coaching. Seventeen times Mittie has advanced his teams to either the NCAA or WNIT Tournaments, in which he has a combined record of 17-15.

In the 2015-16 season, the Wildcats were selected for the 14th NCAA Tournament appearance and first since the 2011-12 season. K-State ended the season with a 19-13 overall record, which included a 56-51 win over George Washington in the first round of the NCAA Tournament.

Kansas State's defense continued to shine in the 2015-16 season, while the Wildcats' offensive numbers also rose. K-State blocked 157 shots a season ago, which ranks fourth in school history. The Wildcats led the Big 12 in steals per game with 9.0 (289 steals).

On offense, K-State averaged 64.4 points per game which was the highest scoring average for the program since the

2007-08 season. The Wildcats drained 218 three-pointers during the 2015-16 season and ranked third in the league in 3-point field goals per game (6.8). This was the first time since the 2012-13 season that K-State made 200 or more 3-point field goals in a season.

For their efforts on the floor in 2015-16, Lewis was named K-State's first All-Big 12 First Team selection since the 2012-13 season and tallied her second straight All-Big 12 Defensive Team honor. Joining Lewis was Kindred Wesemann who was named to the All-Big 12 Second Team after her career year.

The Wildcats have also been solid in the classroom during Mittie's first two seasons, charting an APR score of 991 in the latest report. K-State has garnered 11 Academic All-Big 12 selections including nine first team selections under Mittie's watch.

In his first season in Manhattan in 2014-15, Mittie guided the program to an overall record of 19-14 and a second round appearance in the Postseason WNIT. The eight-win improvement from the previous season was the third highest improvement from one season to the next in program history. Mittie opened his K-State tenure with 10 wins in the first 11 games, becoming the second coach in program history to begin his or her tenure with 10 wins in 11 games (Judy Akers, 1968-69).

Mittie helped reshape K-State's defense in his first season, as the Wildcats finished the season ranked 44th in the nation in scoring defense (58.2 ppg allowed), 12th in steals (11.3 spg) and 42nd in blocked shots (4.7 bpg). K-State's defense ranked first in the Big 12 in steals, second in scoring defense and third in blocked shots.

The Wildcats registered the second-most steals in program history with 374 steals in 2014-15. In addition to the 374 steals, K-State blocked 156 shots which marked the ninth time in school history that K-State blocked 100 or more shots in a season and was the fourth-most in program history for blocks in a season.

K-State was recognized for its quick turnaround, as Breanna Lewis was named to the All-Big 12 Second Team and Ashia Woods was named an All-Big 12 Honorable Mention recipient. In addition to her All-Big 12 honor, Lewis became the first player in program history to be selected to the All-Big 12 Defensive Team, as she shattered the school record for blocks in a season with a career-high 97 and set a career-high with 50 steals.

Under Mittie, Kansas State has ranked among the top-25 in the nation in attendance as the Wildcats were 21st in the nation in average attendance in 2015-16 and 18th in total attendance. K-State's season ticket numbers have increased incrementally in

### What They Are Saying About K-State Head Coach Jeff Mittie

#### Gary Blair, Texas A&M Women's Basketball Coach

"With Jeff Mittie, you have a proven winner, and you have one of the best minds in coaching. Kansas State is bringing home a man to the Kansas-Missouri region that knows that area like the back of his hand. He did everything in his power to make TCU relevant in the big picture of women's college basketball, and did one of his best coaching jobs this season. Kansas State has great tradition and has had a lot of great players. Jeff will have them back in the NCAA Tournament in no time."

#### Eric Hyman, Texas A&M Athletics Director (served at TCU 1998-2005)

"Jeff has done a remarkable job turning around the TCU women's basketball program. He took a program that had historically struggled and built it into one that was consistently competing for championships and participating in the NCAA Tournament. I know TCU will be disappointed to see the Mittles leave. Shanna and Jeff will be wonderful additions to the Kansas State family."

#### Debbie Antonelli, National Women's College Basketball Analyst

"The words that come to mind when talking about Jeff Mittie are tough-minded, driven, hard-working and will take the task to the end. He will put a blueprint together to get K-State back into contention nationally. Kansas State has a loyal fan base and fans will be glued to their seats so they will need to get their popcorn early because the concession lines will be too long at halftime."

#### Emily Carter, former TCU player & All-MWC First Team selection in 2010 & 2011

"I spent five years with him at TCU and I actually redshirted my freshman year from an injury. Through all of that he really developed me into the player I was my senior year. He had a lot of confidence in me from day one. I was the type of player that I knew my role was to come in and be a shooter for us but he really wanted me to develop into more than that. He helped me develop a lot of my inside game and helped me develop on the defensive end. He is one of the main reasons I was able to progress my career as much as I did and eventually make it onto the all-conference team my last two years there. He had a huge impact on my career at TCU.

"Athletics were important to him, but academics always came first. Just making sure we were set up to succeed even when we were traveling a lot and giving us time to study on the road - making sure how important it was to be open and communicate with our professors when we were gone. When we were in town, he would give us tons of opportunities with study halls and tutors to make sure we were staying on top of everything academically because at the end of the day the most important thing for us was to get our education."

the first two season of Mittie's tenure, including a 413-percent increase in first-day season ticket renewals prior to the 2015-16 season.

At TCU, Mittie compiled a 303-175 (.634) record while exceeding the win total the program accomplished in the first 22 seasons of existence. Prior to Mittie's arrival, TCU owned a 208-402 (.340) mark. He recorded his milestone 300th victory at TCU on Feb. 19, 2014.

Mittie has received a number of accolades during his coaching career including: 2010 Mountain West Coach of the Year, 2002 Conference USA Coach of the Year, 2001 WAC Coach of the Year and 1994 and 1995 MIAA Coach of the Year. He has also led his programs to nine conference titles.

In addition to personal honors, Mittie has mentored several of his players who have reached the WNBA (Sandora Irvin and Adrianne Ross) or played overseas (Ebony Gilliam, Helena Sverrisdottir, Antoinette Thompson), been honored as an All-American, earned conference player of the year awards, all-league citations and academic all-conference awards. During his time with TCU, Mittie coached 10 of the 12 members of the school's 1,000-point club and five of the nine members of the 500-rebound club.

Mittie's teams are known for playing a stifling defense. TCU was the Big 12's top scoring defense and ranked 23rd in the nation in 2013-14, by holding opponents to just 58.1 points per

game. Mittie's 2013-14 squad also paced the Big 12 in steals per game (9.9) and ranked 28th in the nation in the category.

The Horned Frogs finished 22nd in the nation in defensive field goal percentage (.363) and were the top shot-blocking team in the Big 12 and finished seventh in the nation in the category at 6.1 per game. This was the third consecutive season TCU finished among the top-30 in the country in blocked shots per game, including a pair of top-10 rankings in 2011-12 and 2013-14.

Mittie's success at TCU also expanded his coaching tree, as a pair of his former assistants moved on to head coaching positions in Division I. Former assistants Larry Tidwell and Yolanda Wells-Broughton have moved into head coaching positions at Lamar and Texas Southern, respectively.

Prior to his tenure at TCU, Mittie pieced together a 75-42 (.641) mark in his four campaigns at Arkansas State, posting a pair of 20-win seasons and winning 17 or more contests in each of his four years with the Lady Indians. Twice his teams topped the Sun Belt Conference in grade point average as well.

Before taking over the Arkansas State program, Mittie fashioned a 76-17 (.817) mark in three years as head coach at Missouri Western. In 1995, Mittie guided the school to a remarkable 31-3 slate, which included a 15-1 conference record, and he led the club to the Division II Final Four. That squad finished the season ranked No. 3 nationally and captured both the Mid-America Intercollegiate Athletic Association regular-season and tournament championships. For his efforts, he was tabbed league and district Coach of the Year, and was among eight finalists for the national honor.

Mittie garnered league Coach of the Year honors for the first time in his career in 1994 when his Griffons posted a 29-3 overall and 16-0 league record and captured the MIAA regular-season title. His club also made a trip to the NCAA Elite Eight. Before assuming the head coaching duties, Mittie served one season as assistant basketball and baseball coach at the school.

A native of Blue Springs, Missouri, Mittie earned his undergraduate degree in sports management from Missouri Western in 1989 and his master's in sports management from the United States Sports Academy in Mobile, Ala., in 1992. During the fall of 2016, Mittie received the Distinguished Alumni Award from Missouri Western.

Mittie and his wife, Dr. Shanna Mittie, who is a native of Junction City, Kansas, and a graduate of Chapman High School, are the proud parents of three children, daughters Logan and Madison and son Jordan. Logan serves as the director of basketball operations at Arkansas State, while Jordan plays football at Texas State and Madison plays women's basketball for Fort Hays State.

Prior to his appointment at West Plains, Ostermann spent five seasons as the head men's coach at Colby (Kan.) Community College, where he helped turn the Trojan program into one of the top squads in the Jayhawk Conference. The school's all-time leader in career victories, Ostermann posted a 95-61 record during his time with the Trojans.

#### HOYT'S PLAYING CAREER

Wichita State (2006-09)

Jacie Hoyt is in her third season at Kansas State and her second as an assistant coach.

Last season, Hoyt served as the Wildcats' coordinator of recruiting operations on Mittie's inaugural staff. She was responsible for coordinating all of K-State's on campus recruiting operations and served as the liaison between AAU and high school coaches and young players across the state of Kansas and nationwide. She also handled the K-State women's basketball summer camps.

Hoyt returned to the state of Kansas in 2014-15 after a three-

year stint at Nevada, with the last two seasons as an assistant coach on Jane Albright's staff. As an assistant coach with the Wolfpack, Hoyt's responsibilities included scouting, recruiting, point guard development, equipment, scout team management and summer camp coordinator. Prior to her appointment as an assistant coach, Hoyt served as the team's director of basketball operations during the 2011-12 season.

In her prep career, Hoyt was a three-time all-state performer in volleyball and basketball at Hoxie High in Hoxie, Kansas. On the track, Hoyt was crowned a state champion in multiple track events.

As a senior for Hoxie, the first team all-class selection averaged 28.4 points per game, 7.4 assists per game, 6.3 rebounds per game and 6.1 steals per game while playing for one of the most successful girls basketball coaches in the state of Kansas, her mother Shelly Hoyt.

Hoyt had one of the most prolific scoring careers in Kansas high school history, scoring 2,016 points in just three years after missing her entire freshman season with an injury. Her career average of 26.6 points per game lands her sixth in career scoring average for the state of Kansas.

Hoyt's college career, as she was recruited and played for Albright when she was the head coach at Wichita State, was slowed by injuries. She played only two of her six NCAA eligible years as a freshman and sophomore. Despite sitting out the first two years of her college career, Hoyt went on to start every game as a freshman and sophomore at Wichita State.

As a freshman, Hoyt led the team in assists, was second in free throw attempts and fourth in scoring. As a sophomore, she was named team captain, along with winning the Iron Shocker Award. Hoyt continued to distribute the ball to her teammates, as she ranked fourth in the Missouri Valley Conference in assists,

along with averaging a positive assist/turnover ratio.

In addition to her success on the court, Hoyt was also a standout in the classroom, landing on the Missouri Valley Conference, Athletic Director, and Dean's honor rolls from 2006-08 with the Shockers. Hoyt graduated Cum Laude with a degree in general studies from Wichita State in 2009.

After graduating from Wichita State, she went on to earn her Master of Science in communication from Fort Hays State University in 2011, where she served as the women's basketball team's graduate assistant on head coach Tony Hobson's staff.

K-State needs nine wins in the 2016-17 season to become the second program among the Big 12 to reach the milestone (see chart on page 13).

Kansas State women's basketball enters its 49th season of action with a solo goal in mind — "Leave No Doubt." K-State head coach Jeff Mittie and the Wildcats want to assure themselves a comfortable spot in the 2017 NCAA Tournament and avoid the nervousness that accompanied its 2016 selection into the NCAA field. To achieve this goal, the team has adopted the mantra of "Leave No Doubt."

In Mittie's second season in Manhattan, the Wildcats pieced together a 19-13 overall record and a Round of 32 appearance in the 2016 NCAA Tournament. This marked K-State's first NCAA Tournament appearance since the 2011-12 season.

Mittie's 2016-17 roster will consist of more balance and diversity of positions that each player can play, but will continue to feature tall, athletic players in both the backcourt and frontcourt. The roster features nine letter winners from the 2015-16 season, including four starters, led by 2016 All-Big 12 First Team selection and two-time Big 12 All-Defensive Team recipient Breanna Lewis and 2016 All-Big 12 Second Team honoree Kindred Wesemann. The returning letter winners will be aided by the arrival of five newcomers including three true freshmen and one redshirt freshman.

The K-State fan base will have plenty of opportunities to see the Wildcats in action this season. The non-conference schedule will feature seven home games, including visits from 2016 NCAA Tournament teams Auburn, Connecticut and Princeton and the customary nine Big 12 home games.

#### BACKCOURT

K-State's backcourt returns five letter winners from the 2015-16 led by Wesemann. The cache of returners also features redshirt senior Kelly Thomson, junior Shaelyn Martin and sophomores Kayla Goth and Anna Hammaker. Mittie also improved his depth on the perimeter with the additions of junior Karyla Middlebrook and freshman Mercedes Brooks this offseason.

Wesemann took her game to a new level in 2015-16, as she set career season-highs in eight categories while earning All-Big 12 Second Team honors and the 2015-16 Big 12 Women's Basketball Scholar-Athlete of the Year award. With her scoring production over the last two seasons, Wesemann has put herself on the cusp of joining K-State's 1,000-point club and to become the sixth player in program history with 200 or more 3-point field goals made in a career. The native of Pleasant Hill, Missouri, will see more action off the ball this season than the previous two years with the addition of Middlebrook. The opportunity should free up Wesemann for more aggressive scoring opportunities but will also give K-State a two-point guard lineup.

Thomson registered an entire season with a clean bill of health for the first time as a Wildcat in 2015-16. The guard from Riley, Kansas, came off the bench in a career-high 26 games a season ago to provide a perimeter scoring punch and hustle plays and will look to conclude her K-State career with career best numbers across the board. The perimeter threat will also look to close out her K-State academic career on a high note, as she holds a 4.0 grade point average while majoring in nutrition and health/

nutritional services.

In her first two seasons with the Wildcats, Martin has been the Wildcats' "Swiss Army Knife." She has seen action at four of the five positions on the floor, started all 65 games of her career and has put up an incredibly diverse stat line in those two seasons with 4.6 points, 6.0 rebounds, 3.1 assists and 1.7 steals. Mittie will continue to ask Martin to deliver her diverse game to the floor in 2016-17 while also providing vocal leadership.

Middlebrook, a junior from Blue Springs, Missouri, joined the team in the offseason as a graduate transfer from Alabama. Middlebrook will have two seasons of athletic eligibility in Manhattan and will help provide K-State with a solid point guard option. In her time with the Crimson Tide, Middlebrook averaged 7.6 points per game and handed out 2.7 assists. On the defensive end, Middlebrook fits into Mittie's scheme at the top of the zone as she has tallied 88 steals in her career including 52 in the 2015-16 season.

Goth, a sophomore from DeForest, Wisconsin, saw action in 30 games in her rookie campaign and was a diverse weapon for K-State during Big 12 play. Goth saw action at both guard positions and at small forward, while displaying a penchant for pulling down rebounds (2.3 rpg) and distributing the ball (1.3 apg; 1.58 assists to turnover ratio). Goth will look to expand her role with the Wildcats in 2016-17, as she is fully recovered from an ACL injury that slowed her progress during the early stages of her freshman season.

Hammaker saw action in 20 games in her freshman season, but had her season come to an end prior to K-State's NCAA

Tournament appearance due to an injury. The sophomore from Knoxville, Tennessee, will look to return to the court in November and provide K-State with perimeter shooting.

Brooks, a product of Wichita Falls, Texas, will provide K-State with a bigger perimeter presence while stretching the defense with her outside shooting and ability to attack the rim off the dribble.

#### FRONTCOURT

The Wildcats' frontcourt begins with an All-American talent in Lewis and features three returning letter winners and three fresh faces. The returning letter winners from 2015-16 are seniors Jessica Sheble and Erica Young and junior Kaylee Page, Joining the Wildcats in the frontcourt are redshirt freshman Lanie Page and true freshmen Peyton Williams and Eternati Willock.

Lewis has developed into one of the most dominant post players in the country on both ends of the floor and will look to put a signature stamp on her final season. The senior from Milwaukee, Wisconsin, ranks second in school history for career blocks and has averaged double figures in scoring over the last two seasons, including a career-high 16.7 points in 2015-16. Last season, Lewis became the 39th player in program history to score 1,000 or more points in her career and was the first player in program history to register a season with 500 or more points, 225 or more rebounds, 80 or more blocks and 45 or more steals. She is also the first player in program history to record consecutive seasons with 80 or more blocks. In the 2016-17 season, Lewis will look to continue her development as a complete post player and garner the program's first All-American honor since the 2012-13 season.

Sheble has been an incredibly consistent performer for K-State in her previous three seasons. While coming off the bench in her career, the Olathe, Kansas, native has averaged between 2.5 and 2.7 points and 1.7 and 1.9 rebounds. She will look to continue her reliable production off the bench in 2016-17, while also providing leadership to the freshmen post players.

Young will look to continue her trend of improvement from her first three seasons in Manhattan. The product of Tampa, Florida, has achieved career season-highs in almost every statistical category over the last two seasons. In 2015-16, Young achieved her first season in double figures for blocks with 17 and a career-best 59 rebounds. K-State will look to Young to continue to provide an athletic rebounding and defensive presence off the bench in her final season in purple and white.

Kaylee Page set career season-highs in every statistical category while starting every game in her first full season after transferring from Nebraska. The product of Warnego, Kansas, provided the Wildcats with a "stretch four" who could knock down 3-pointers and also pull in rebounds on the defensive end. In the 2016-17 season, K-State will look to Kaylee to improve on her perimeter shooting while also developing the ability to attack the rim and give the Wildcats free opportunities from the foul line.

After a season spent rehabbing after having shoulder surgery, Lanie Page is ready to join her sister as a teammate for the first time since the 2013-14 season at Wamego High School. Based off her highly decorated prep career, Lanie will give the Wildcats a deep 3-point shooting presence and will also add to the team's length on the defensive end. Depending on the lineup, Lanie could see time from a shooting guard position, to a small forward or even a power forward. While rehabbing from her shoulder injury, Lanie looked to develop her ball-handling skills and quickness off the dribble to add to K-State's chances at free points from the charity stripe.

Williams and Willock will look to contribute to the Wildcats in their freshmen campaigns at either the power forward or center positions. Early playing time for both players will be based on how quickly they are able to learn the offensive and defensive concepts in K-State's system. Williams, a native of Topeka, Kansas, will attempt to play two sports at K-State, as she will compete immediately in basketball and take a redshirt season in volleyball.

Willock, a resident of Scarborough, Ontario, Canada, is an aggressive rebounder who will look to increase K-State's offensive numbers with her ability to corral second chance opportunities on the offensive end for K-State.

#### **GET TO KNOW KELLY**

What are the best words of advice your parents ever gave you?

"I won't remember what you said. I won't remember what you did, I will remember how you made me feel." My dad used to use this quote to remind me that how you treat people and make them feel is how you will be remembered.

#### What is your game day routine?

It varies from game to game but it always includes coffee!

What do you want to be doing in 10 years? Practicing medicine and raising kids.

If you could tell K-Sate WBB fans one thing they can expect when they watch you play, what would it be?

Effort and enthusiasm. I know I may not be the most talented or athletic player when I step on the floor, especially after my injuries, but I try to compensate for that with effort and enthusiasm.

If your apartment/house/residence hall were on fire, what is the one item you'd make sure to save?

My puppy, Duke. And say a prayer that my sister wakes up in time to save herself.

If you could play one-on-one against a men's basketball player at K-State who would it be and why?

None of them. I couldn't handle the tears after I beat them.

The most famous person you've ever met?

Sam Hunt in the Ice Family Basketball Center this summer.

What is the bravest thing you have ever done?

Agreeing to ride in a car with Anna Hammaker driving (post-knee surgery).

What makes your house/apartment/residence hall unique?
My giraffe collection

What is the craziest/most fun thing you did this summer?

I spent a week in Costa Rica building a sport court with other members of K-State athletics teams.

If your apartment/house/residence hall were on fire, what is the one item you'd make sure to save?

I would save a nightstand that my dad made out of wood because it has family value.

The Big 12 begins its 21st year in 2016-17 as it continues to promote the strength and success of one of the nation's premier athletic conferences under the direction of tifth-year commissioner Bob Bowlsby.

TCU and West Virginia joined the league on July 1, 2012 and became the Big 12's first additions since inception, joining Baylor, lowa State, Kansas, Kansas State, Oklahoma, Oklahoma State, Texas and Texas Tech.

With 10 members, the Big 12 remains as the only autonomy conference to determine its champions in all sports directly on the tield of play with a full round-robin schedule. The Conference's hard work ethic and strong values have translated to enormous successin its first 20 years. Since it began competition in 1996-97, the league can boast of 57 NCAA team titles and 625 (through June 15) individual national championships.

The Big 12 has been at the forefront in college athletics reform, specifically with student-athlete welfare issues to include cost of attendance, student-athlete time demands and strengthening its policy for concussion diagnosis and management. In 2014-15, the Big 12 introduced and hosted three "State of Collegiate Athletics" forums to examine the issues facing college athletics, Two were conducted in Washington, D.C and one in New York City. Panelists included respected authorities from intercollegiate athletics, university leadership and sports journalism. The third forum featured a special session comprised of student-athletes. The Big. 12 continued the "State of Collegiate Athletics" forums in 2015-16 with Dallas serving as the site for a November 2015 event.

The Conference had a banner year on the national stage in 2015-16. Two teams competed in 2015 College Football Playoff New Year's Bowls for the second consecutive season. Oklahoma made the Conference's first appearance in the CFP semifinals in 2015, the second year of the structure, while OU men's basketball advanced to the Final Four. Other highlights included national championships by Texas men's swimming and diving and Oklahoma women's gymnastics and softball. National runner-up finishes were recorded by Texas volleyball, Oklahoma State wresthing, TCU equestrian, Texas men's golf, Oklahoma men's tennis and Oklahoma State women's tennis. Three Big 12 squads were among the eight teams that advanced to baseball's College World

The Big 12 lays claim to five Heisman Trophy winners since 1996 and has had a finalist in 12 of its seasons. Twenty-five major individual awards have been won by Big 12 student-athletes in tootball over the past seven campaigns. Overall, more than 4,800 student-athletes have earned All-America recognition. West Virginia soccer standout Kadeisha Buchanan earned the Hyundai Young Player Award at the 2015 World Cup while playing for her native Canada, given to the player born in 1995 or later that made the biggest impression in the competition.

Through its first 20 years, the Big 12 has claimed a team national championship in 17 of the sports it sponsors. The Conference finished the BCS era ranked fied for second with seven appearances in the National Championship Game. The league has finished in the top two of women's basketball conference RPI in nine of the last 10 years and sent at least 70 percent of its feams to postseason for the seventh-straight season. In men's basketball, the league has had seven teams earn NCAA bids four times in the past seven years. Every coach has guided a team to the NCAA. Tournament - including five that have led teams to the Final Four while seven boast career win percentages of .700 or higher. During the last 12 years a total of 36 NCAA trophies have been hoisted by Big 12 institutions, with at least one national crown won in all but one year for the Conference, including 19 consecutive seasons.

The Big 12 and its member institutions are committed to a competitive environment where sportsmanship and fair play take center stage. Whether on the field, in the classroom, or within the community, the student-athletes, administrators, coaches and game officials of the Big 12 support the highest ideals in sportsmanship.

National academic accolades have always been strong in the Big 12. Ty Darlington (Oklahoma) was the recipient of the 2015 William V. Campbell Trophy, known as the Academic Heisman.

Gabe Ikard (Oklahoma) was presented the NCAA Today's Top 10 Award in January 2015. It recognizes former student-athletes. for their successes on the fields and courts, in the classroom and in the community. Since 1996, the Big 12 has a total of 11 honorees for this prestigious award. In the last five seasons, eight student-athletes were recipients of the NCAA Elite 90 Award with volleyball's Janae Hall (Kansas), men's basketball's C.J. Cole (Oklahoma), women's golf's Laura Lonardi (Baylor) and baseball's Tyler Floyd (Texas Tech) picking up the latest honors in 2015-16. The accolade showcases individuals who have reached the pinnacle of competition at the national championship level, while also achieving the highest academic standard among their peers.

In its short history, the Big 12 has over 600 Academic All-America recipients, averaging about 30 each season. Big 12 student-athletes have shown commitment to their studies by earning numerous individual academic recognitions. Eleven times in the past 11 years a league athlete has garnered the top academic honor for their respective sport, including Frances Silva (West Virginia) for soccer and Gabe Ikard (Oklahoma) for football in 2013.

The Big 12 can take pride in other stories that combine on and off the field success. In the fall of 2013, former Texas Tech track and field student-athlete Heatu Okafor was named the Big 12's first NCAA Woman of the Year. Patience Knight (Texas Tech) was the recipient of the Honda Inspiration Award in 2008 while Imani McGee-Stafford (Texas) was honored in 2015. It is given to an outstanding female college athlete who overcomes adversity to excel in her sport. Oklahoma State women's basketball was the inaugural recipient of the "Together We R" Team Award in 2012, recognizing programs that have strived to succeed in the face of adversity. Following a devastating tornado south of Oklahoma City just before the Big 12 Baseball Championship in 2013, several league baseball teams along with other student-athletes, coaches and former Conference players contributed help in a variety of ways. Plus, the Conference contributed \$200,000 to the relief efforts. In the fall of 2014, Oklahoma football student-athlete Sterling Shepard and head coach Bob Stoops were honored with the Disney Sports Spirit Award while Kansas football student-athlete JaCorey Shepherd received the Lee Roy Selmon Community Spirit Award. Ty Darlington (Oklahoma) earned the 2015 Wuerftel Trophy which recognizes community service along with athletic and academic success.

Competitive excellence, scholarship and sportsmanship are all equal components of the Big 12 philosophy. All-Big 12 teams and Academic All-Big 12 squads are recognized for each sport at the end of their respective seasons. At the end of each academic year, the Conference honors its top male and female student-athletes. with the Big 12 Athlete of the Year and Big 12 Sportsperson of the Year awards.

Institutions can also nominate student-athletes for the prestigious Dr. Prentice Gautt Postgraduate Scholarships. A total of 381 scholars have received over \$2.7 million in postgraduate financial aid through the first 20 years of the program.

The Big 12 sponsors 23 sports. Men's squads include baseball, basketball, cross country, football, golf, indoor track & field, outdoor track & field, swimming & diving, tennis and wrestling. Women's teams are fielded in basketball, cross country, equestrian, golf, gymnastics, indoor track & field, outdoor track & field, rowing, soccer, softball, swimming & diving, tennis and volleyball.

Big 12 institutions create a league that encompasses five states and nearly 38 million people. Nearly 5,000 student-athletes from across the United States and around the World compete annually in the sports sponsored by the Conference.

The Conference conducts postseason championships for 20 of its 23 sports. Each championship helps to determine teams and/or individuals that will represent the Conference in national postseason competition.

In its first 20 years, the Big 12 has distributed approximately \$2.6 billion to its member institutions, including a record \$30.4 million per institution in 2015-16, an increase of 20 percent over the previous year. The Conference office is headquartered in Irving,

# K-STATE WOMEN'S BASKETBALL TIMELINE

Even though the present women's basketball program at Kansas State began intercollegiate play in 1968, the roots go back much further. Julius Terrass Willard, a chemistry professor from 1901-1944, penned this account shortly after his arrival at the school, explaining how the game took hold at the Kansas State College of Agriculture and Applied Science. His account states that young women were the first students to begin playing the popular game in the spring of 1901.

Willard writes that several hundred people witnessed the first public basketball game at K-State on May 25, 1901 as the "Purples" took on the "Reds." The Purple team, consisting of team captain Frances McCreary, Gussie Griffing, Bessie Mudge, Cora Baird and Mable Stevens, scored a 9-2 victory over the Red team of captain Anna Summers, Myrtle Toothaker, Esther Hanson, Laura Ware and Olive Dunlap. Gertrude Williams, director of physical training at K-State, refereed the game.

Women continued to play basketball in the women's gymnasium, but it was announced on campus that they would not be allowed to play any more games outdoors. Furthermore, only immediate friends and families of the participants were allowed to attend. Interclass competitions were played, and at one point, the freshman team challenged the female members of the faculty. The freshman team came away with a resounding 46-4 victory over their instructors. In November of 1902, the young women asked for permission to play intercollegiate games, but the faculty turned down their request "on a close vote."

Over the next few years, groups of faculty members continued to use the women's gymnasium to play basketball, but according to Willard, "blacked eyes and other casualties and possibly other considerations, prevented any excessive development of the sport in the faculty."

The faculty's decision did not keep students from continuing to

play basketball. Women continued to join intramural teams through the physical education program and compete between classes and sororities for the college championship. In fact, the 1921 Royal Purple reported that the women's game continued to grow in popularity and "almost 200 tried out for places on class teams. The class games were well attended, and a large amount of interest shown by others than the girls playing." However, it wasn't until the 1968-69 season that women's basketball was added as an intercollegiate sport.

# **Current Players in BOLD**

A name with an (\*) designates players who were named honorary letterwinners due to the fact that they participated in Kansas State Women's Basketball prior to the time that K-State awarded letters to women's basketball players. The letterwinners list is based on sports information records beginning with the 1973-74 season. Numbers listed are final career statistics.

# The following is a breakdown of the 197 Kansas State

women's basketball letter winners in the previous 48 seasons of action. (Note: all players that have the required information listed were included in the breakdown.)

# MATILDA MOSSMAN • 1984-90 • 83-68 (.550)

Mossman began her career at Kansas State after a three-year stint as the head coach at Arkansas. The 1986-87 season was arguably Mossman's best as she led the Wildcats to their last Big Eight Conference title and a berth in the NCAA Midwest Regional. Tabbed Big Eight Coach of the Year for her efforts, Mossman coached K-State to a 13-0 home mark that year, the fourth undefeated home season in school history. She was named the head coach at Tulsa in 2011.

# Currie's Trophy Case:

- · 2013 Bobby Dodd AD Award
- . 2013 Under Armour AD of the Year

Since John Currie's introduction as director of athletics in May 2009, K-State has experienced a tremendous turnaround, unprecedented athletic and academic accomplishments and perhaps the most successful seven-year period in department history. Driving toward the vision of a Model Intercollegiate Athletics Program, Currie's rebuilt senior leadership team turned an inherited deficit into national acclaim as one of the NCAA's most financially solvent programs and by August 2016 will have completed \$210 million in comprehensive facility improvements benefitting all 16 Wildcat teams, including the Vanier Family Football Complex, West Stadium Center, Basket-

ball Training Facility, Intercollegiate Rowing Facility, Mike Goss Tennis Stadium and soccer competition/football practice fields, all privately funded with zero state tax or university tuition dollars. The athletic facility improvements have been recognized nationally, as the Princeton Review rated K-State's athletic facilities fourth in the nation.

Currie leads one of the most productive and efficient programs in the country, and his seven-year tenure has included team Big 12 Championships in football (2012), men's basketball (2013) and baseball (2013), 16 team NCAA tournament appearances in men's and women's basketball, volleyball and baseball, and 50 individual Big 12 and nine individual NCAA Championships. K-State student-athletes have shined academically as well, with three sports, including football, currently leading the Big 12 in APR rating and an all-sports graduation rate exceeding that of the general student body. Record attendance across all sports, including a current streak of 27 consecutive football sellouts, and careful stewardship help provide a tremendous home-field advantage for 450 Wildcat student-athletes, while adding value to the university, community and state as the only university in Kansas and one of just two dozen nationally to operate in the black without any state tax or university tuition dollars or subsidies.

Athletically Currie's tenure has been marked by across the

board success including a 2015-16 year that saw K-State football participate in its sixthstraight bowl game and volleyball advance to the NCAA Tournament for the fourth time in five years. Highlighted by three NCAA Champions in track and field, the women's team went on to finish tied for seventh at the NCAA Outdoor Championships and eighth at the national indoor meet while also finishing third both indoor and outdoor at this year's Big 12 Championships. Also, a total of eight track and field student-athletes claimed a total of 12 individual Big 12 Championships in 2015-16, while Jeff Mittie's second year at the helm of the women's basketball program saw the Wildcats return to the NCAA Tournament for the first time in four years. The 2012-13 campaign was also one for the ages as K-State became just the fourth BCS school since 1998 to win league titles in football, men's basketball and baseball the same year, while K-State has held a 52-39 record since 2009 in head-to-head competition against in-state rival KU.

With the tag line of "Welcome to K-State" symbolizing the goal of providing The Best Fan Experience in the Big 12, K-State's marketing and fundraising efforts have been completely overhauled in Currie's tenure. K-State supporters have pushed attendance to new heights, while more than \$200 million in total gifts have been raised for K-State Athletics in Currie's seven years. Meanwhile, history was made as Currie and his staff worked hand in hand with then-President Kirk Schulz and the KSU Foundation to secure the largest individual donation in university history, a \$60 million gift benefitting various academic and athletic initiatives, while the department reached its \$50 million private gifts goal for the new Vanier Football Complex in just 13 months. Currie's award-winning Fan Experience staff, which was named the national 2014 NACMA Marketing Team of the Year, has created new ticket initiatives that have led to 36 sellout crowds since 2009 at Bill Snyder Family Stadium - named in 2016 as one of five national finalists for the

prestigious SportsBusiness Journal Sports Facility of the Year award - including a current streak of 27 straight.

The recipient of the 2013 Bobby Dodd AD Award and a 2013 UnderArmour AD of the Year, Currie served as chair of the Big 12 ADs in 2013-14 and is a member of the NCAA Division I Administrative Cabinet. He was one of only two intercollegiate ADs named to SportsBusiness Journal's 2011 prestigious Forty Under 40 list of national sports leaders.

# K-State's Highlights Under Currie

- All programs remain above the NCAA .930 APR standard with eight teams leading the Big 12 in last two years.
- In the past seven years, 137 student-athletes have earned All-American distinction, while Wildcats have won nine NCAA individual titles and 50 Big 12 titles.
- Brand new facilities include the Vanier Football Complex and West Stadium Center, Basketball Training Facility, Intercollegiate Rowing Center, Mike Goss Tennis Stadium and the soccer competition/football practice facility.
- Fundraising has been completely overhauled with more than \$200 million in cash contributions raised for athletics in seven years as the department has raised more money over that period than it had in the previous 48 years combined.
- FY14's cash contributions total of \$46 million almost quadrupled the annual total prior to Currie's arrival and was the third highest nationally behind Texas A&M and Michigan.
- Operated with a budget surplus in each of the last seven years, allowing for annual investments and budget growth from \$44 million to \$73 million.
- K-State donors have stepped up with 27 private gifts in excess of \$1 million since fall 2009, while grassroots Ahearn Fund membership has reached all 50 states.
- Implemented a complete phase-out of direct university funding as a source of revenue, enabling K-State to redirect those funds to critical academic needs.
- New ticket initiatives have led to 36 football sellouts since 2009, including a streak of 27 straight heading into 2016.
- Also have set new season total and average attendance records in baseball while selling a record number of season tickets for volleyball and baseball.
- Hired 300-game winner Bruce Weber as the head MBB coach, who captured Big 12 Coach of the Year honors in his first season while leading the Cats to their first conference title in 30 years, while recent hires of veteran head coaches Jeff Mittle (WBB), Grant Robbins (MGolf), Ryun Godfrey (CC), Danielle Steinberg (WTEN) and Mike Dibbini (WSOC) have brought instant credibility and national recognition.

The eligibility of Kansas State's student-athletes and reputation of the department and university depend greatly upon your representation.

Under NCAA regulations, Kansas State is held responsible for the actions of our boosters. "Representatives of Athletic Interests" may not engage in any recruitment activities or provide benefits or privileges to prospective and enrolled student-athletes.

A representative is any individual who has purchased tickets, contributed to the Kansas State Athletics Department, donated to Catbacker or Alumni groups, or who has otherwise promoted K-State's athletics program.

# Key Rule: NCAA BYLAW 13.01.5

In Division I, representatives of athletics interest are prohibited from making in-person, on-or-off campus recruiting contacts, written, telephonic communications or e-mail transactions with a prospect or the prospect's relatives or legal guardians.

#### Interpretations

 A representative of a Division I institution is prohibited from making in-person recruiting contact with a prospect and his or her parents/guardian on or off campus.

Limited Exception: You may have contact with a prospect regarding permissible pre-enrollment activities such as summer employment, provided the prospect has already signed a National Letter of Intent and K-State is aware that you are making these contacts in regard to employment.

 A Division I representative is prohibited from writing or telephoning a prospect and his or her parents or legal guardians.

Limited Exception: You may have a phone conversation with a prospect only if the prospect initiates the call. Such a call may not be prearranged by a K-State staff member and you are not permitted to have a recruiting conversation, but may exhibit normal civility. You must refer any questions about the University's athletic program to the athletic department.

 A representative is prohibited from contacting a prospect's coach, principal, or counselor in an attempt to evaluate the prospect.

Limited Exception. NCAA rules do not preclude you from viewing a prospect's contest on your own initiative, but you may not contact the prospect, pick up game films or transcripts.

# What can I do?

If you know of a high school or junior college student-athlete who might want to attend Kansas State, the only permissible activity for a representative is to call the appropriate K-State coach.

# What is an "Extra Benefit?"

An extra benefit is any special arrangement by an institutional employee or a representative of the institution's athletics interests to provide a student-athlete or the student-athlete's relative or friend a benefit not expressly authorized by NCAA legislation.

Examples or Extra Benefits:

- Providing transportation
- Clothes
- Entertainment
- Preferential loan terms
- Wagnes not commensurate with duties

# What can I do for current student-athletes or prospects?

You may provide an occasional meal for student-athletes in your home. Please contact the athletics compliance office for more information.

You may invite a team to dinner or to meet a group of alumni in a city where they are competing. The NCAA allows student-athletes as a team to receive special benefits not alowed as individuals. Arrangements for such events should be made in advance with the head coach.

You may provide employment for a student-athlete. Wages must be commensurate with the going rate for similar services and only for work actually performed.

You may attend high school, community college and public events in which prospects are participating however no attempt should be made to contact or recruit prospects at these events.

You may continue established family relationships with prospects or student-athletes, their parents and relatives. Contact is permitted as long as it is not made for recruiting purposes.

# What is not permitted under NCAA rules?

Provide gifts, free or reduced cost services including meals, drinks, clothing laundry, haircuts, legal fee or other benefits to prospects, student-athletes, their relatives or friends.

Provide tickets to any event for a student-athlete or his/ her relatives or friends.

Contact prospective student-athletes for recruiting purposes. This includes emails, phone calls, letters, face-to-face contact and personal websites (i.e. Facebook.com, MySpace.com, etc.)

Provide cash, entertainment, use of your home or other items of value.

Provide the use of an automobile.

Provide rent-free or reduced cost housing for any length of time

Arrange or co-sign a loan for a student-athlete or his/ her relatives.

# MEDIA POLICIES & PROCEDURES

Thank you for your interest in Kansas State women's basketball. The K-State Athletics Communications Office has produced the 2016-17 media guide to assist in your coverage of the Wildcats. Please feel free to contact any member of our staff with questions, requests or concerns. We look forward to working with you throughout the 2016-17 season.

#### **MEDIA INTERVIEWS**

All interviews with Kansas State players and coaches must be requested and arranged through the K-State Athletics Communications Office. Please be advised that all interview requests must be submitted 24 hours in advance. Players and coaches' home or mobile phone numbers will NOT be given out.

Practices are closed to the public and the media. Players and coaches will be made available for interviews immediately following practice on specified days either in the Ice Family Basketball Center or Bramlage Coliseum. All interview requests for those post-practice interview sessions must be made in advance with the K-State Athletics Communications Office. Please be advised that regularly scheduled interview days may not be conducted due to team travel.

Game day interviews during shootarounds or prior to tip-off are not permitted unless request is affiliated with the television network broadcasting that day's game. See 'Postgame Policy' for additional information.

#### WORKING CREDENTIALS

The Kansas State Athletics Communications Office should receive all credential requests no later than five days prior to the specified game. Requests can be made on official letterhead and addressed to:

Women's Basketball SID
Kansas State Department of Athletics
West Stadium Center, 1800 College Avenue
Manhattan, KS 66502-3355

Requests may also be faxed to the Athletics Communications Office at 785-532-6093 or sent via e-mail to Randy Peterson (rpeterson@kstatesports.com). Because of mail service, media passes will not be mailed in most instances. If this is the case, passes may be picked up two hours before tip-off at Gate 7 of the east parking lot of Bill Snyder Family Stadium/Bramlage Coliseum. Individuals picking up credentials will be required to

furnish positive identification. All credentials are non-transferable and are issued based on Kansas State's credential policy.

Admission to courtside press row is for working media only. Only media members with official K-State credentials will be admitted.

Note: Friends, spouses and children are not welcome in the press area.

# PRESS PARKING

Press parking is located on the east side of Bramlage Coliseum near the Ice Family Basketball Center and will be provided upon request on a first-come, first-serve basis as available. A parking pass must be requested two days prior to the scheduled game. Contact the Kansas State Athletics Communications Office regarding details and directions to press parking areas.

#### VISITING RADIO

To inquire about using existing radio courtesy lines, visiting radio stations should contact Ben Boyle, General Manager of the K-State Sports Network. He may be reached at 785-532-1000. Only those stations recognized as the official originator for the visiting team will be afforded broadcast facilities. Visiting team radio personnel will be seated next to their respective team bench on the south end of the scorer's table with a maximum of three seats available.

# **PHOTOGRAPHERS**

Only accredited photographers on assignment from recognized media outlets will be issued baseline credentials. In accordance with NCAA rules, no freelance photographers will be admitted courtside. All photographers must have a media pass to shoot inside Bramlage Coliseum. Flash photography is prohibited.

#### WEBSITES

Kansas State reserves the right to deny media credentials to any individual whose website is not affiliated with an official news-gathering organization or publication. Credentials will be issued to official online services of national, over-the-air or cable networks or established publications which are staffed by full-time employees (i.e. ESPN.com, Sl.com, CBS Sports, etc.) and then with a maximum of one credential.

Credentials will not be granted to any online agency operating sites that are in any way affiliated with gambling, or to "freelance" or "fan-based" sites that are not affiliated with a legitimate news gathering organization. Membership in a writer's association (i.e. USBWA) does not automatically qualify an agency for credentials.

Additionally, online services are prohibited from "real time" (also known as "cybercast") transmission of all Kansas State Athletics events. Those rights are co-owned by Kansas State University, the Big 12 Conference and Learfield Communications.

# POSTGAME POLICY

Kansas State's locker room is closed. Media on press row will be asked to submit a list of player requests to Assistant Director of Athletics Communications Randy Peterson during the last 7 minutes of the game. Coach Mittie and requested players will be available in a designated postgame interview room located at the top of the Bramlage Coliseum tunnel. The visiting team coach and selected players will be made available in the designated interview room prior to K-State.

Those interested in audio-taping grouped interviews should connect their recorders to the distribution amplifier (mult box) provided. Output from the device is microphone level, terminated in 1/80 two-conductor plugs and jacks, or three-pin standard microphone male connectors.

# TELEPHONES

A limited number of charge-per-call telephones are located on press row, and phones in the Seaton Media Room will be available for filing after the game on a first-come, first-serve basis.

All media wishing to have phone lines installed on press row will be responsible for making their own arrangements. Phones may be ordered from the KSU Telecommunications Office at 785-532-7001.

#### MEDIA ROOM LOCATION

The Seaton Media Room in Bramlage Coliseum is located just to the right of the tunnel when exiting the floor on court level. Work space is provided in the room with official game programs, media guides, game notes and flipcards available prior to the game. Complete statistics, will be available at halftime and immediately following the game. Final books will be distributed to the designated postgame interview room, media room, press row and both locker rooms. A pregame meal is served to the working media 90 minutes prior to the game in a room located at the top of the south tunnel in Bramlage Coliseum.

# LISTENING TO THE WILDCATS

In 2003, Smoller was named the Oscar Stauffer Kansas Sportscaster of the Year. Brian and his wife, the former Beth Caskey, currently reside comfortably in St. George, Kan., and have a son, Brady, and a daughter, Brenna.

Former Wildcats Missy Decker Heidrick and Kristin Waller and K-State Assistant Director of Athletics Communications Randy Peterson will serve as the color commentators for all broadcasts as well.

#### JEFF MITTIE RADIO SHOW

The show originates from Old Chicago located at 2001 Clock Tower Place in Manhattan on Monday evenings from 6-7 p.m. and is open to the public. An updated radio show schedule will be posted on www.kstatesports.com.

#### JEFF MITTIE TELEVISION SHOW

The biweekly Jeff Mittie Television Show can be seen throughout the Midwest each Wednesday during the Big 12 Conference season on Fox Sports Midwest and Fox College Sports. The halfhour program, produced by K-StateHD.TV and hosted by Brian Smoller, features head coach Jeff Mittie, along with player and coach spotlights, highlights and a preview of upcoming games.

# CREDENTIAL POLICY AND OTHER GUIDELINES

Credentials and working space for media members are issued at the sole and exclusive discretion of the Kansas State Athletics Communications Office, based on the following priorities and guidelines:

- Originating radio and television personnel involved in a live broadcast.
- Daily newspapers regularly covering Kansas State University, the current-game opponent or another Big 12 school. Wire services, regional and national publications are also afforded this priority.
- Non-originating radio and television personnel producing reports on the game. Only local radio stations with a full-time sports director conducting a regular sports show receive consideration for credentials.
- Officially recognized Kansas State University student publications or student electronic media outlets.
- Non-daily newspapers or publications reporting on the game. With the exception of beat writers covering Kansas State daily, all passes are issued on a game-by-game basis with consideration of available working space.
- Passes are non-transferable and are subject to immediate revocation if transferred to non-working members of a media outlet.
- Kansas State University and the NCAA prohibit the issuance of credentials to representatives of an organization that regularly publishes gambling information, such as "tout

sheets" or "tip sheets".

- Credentials are issued to websites that are affiliated with websites for national or regional television and news media organizations, (e.g. ESPN.com, Sl.com, CBSSports.com, etc.) for institutions that are conference members and non-conference opponents, and for the Big 12 Conference.
- Web sites that sponsor "message boards" or "chat rooms" where people are allowed to post anonymous information or rumors are ineligible for credentials or access to media functions
- If a news-gathering medium has an online site that sponsors these anonymous forums, they may continue to request credentials under its traditional medium (newspaper, magazine, radio or television), but will not be granted additional passes or access for online staff.
- Kansas State University reserves the right to deny media credentials to any individual whose web site is not affiliated with a recognized news-gathering organization.
- Membership in a writer's association (i.e. USBWA) does not automatically an agency for credentials.
- Restrictions have been made on the usage of Internet video of Kansas State Athletic events. Highlights of game action and/ or post game press conference from K-State events are limited to and cannot excede three (3) minutes in length.
- All persons picking up credentials will be required to furnish positive identification. All credentials are non-transferable.
   Note: Spouses, dates, non-workers and anyone under 18 years of age are not permitted in the working press area.
